Letter writing

Poetry

Descriptive poetry

Maths

As Mathematicians:

Children will look at place value as well as the four operations of addition, subtraction, multiplication and division.

Maths through Theme

Children will look at coordinates and directions in their Theme lessons and will solve money problems.

Science

As scientists:

Children will investigate light and its importance in our ability to see. They will also investigate how shadows are made and why they change shape and size throughout the day.

Children will also look into forces and magnets developing their knowledge of magnetic materials and their understanding of the force friction.

Geography

As Geographers:

Children will answer enquiries about the area local to Maybury Primary School and campaign for changes to be made. They will also compare their local area to the city centre and will look at the importance of the River Hull.

Year 3 Autumn:

Why should we be proud of Hull?

History

As Historians:

Children will look at the Triple Trawler Disaster relating to the fishing industry and how local people campaigned to make a change.

Art

As Artists:
Children will develop their sketching and shading skills creating landscape pictures of Hull and some of its famous landmarks.

Design and technology

As Design Technologists:
Children will taste and create their own Hull patty in cooking lessons.

Computing

We will learn about the applications and uses for coding and spreadsheets as well as exploring ways to keep ourselves safe online.

Music

As Musicians:
Children will look at sea shanties and other Hull musicians and will learn to sing together and in rounds.

R.E

We will explore remembrance in the context of some major faith festivals; include Remembrance Day and festivals of remembrance

P.E

As Athletes:
Children will develop their footballing skills.

Creativity Driver

Children will create their own fish trail around the school grounds.

Possible mural?

Social and Emotional Well-being Driver

Through Jigsaw we will focus on our similarities and our differences and how these make us special.

Enterprise Driver

Possible fundraiser for mural works

Basic Skills Driver

Children will practice the basic skills of reading, writing and maths across the curriculum.
